The Sea Voyage—

I was told that when the statue was brought from across there was a terrible storm at sea. Large boxes of freight were tossed from side to side on the ship so that they thought their statue would be ruined. When opened, they found the statue had not moved in the box or was damaged one bit.

Also, I heard my grandfather tell when they arrived at port in the United States, they were forced to open the box for inspection at the customs house. When the inspector saw the statue he said quickly, close it up and get out. He must have been a Catholic and wanted to help them through.

The Rainstorm—

On Sunday, May 24, 1875, the Carey church having been completed, Fr. Gloden and his entire parish started in solemn procession to bring the statue of Our Lady of Consolation to Carey, a procession of between seven and eight miles. There were twenty girls, (four at a time), between the ages of 18 and 20 years, who carried the statue. (My mother was one of them). During this procession, it rained all around them but did not rain on anyone marching in the procession. Thus it was that the Blessed Virgin expressed her desire to be honored in a special way at Carey, Ohio.

The procession had no more than entered the church when the heavens opened up with a downpour of rain. My father was in the procession, but he did not get inside the church because it was already filled. He got drenched with rain before he found shelter.

The Confraternity—

In April or early May 1878, at the request of Fr. Joseph Gloden, Pope Leo XIII officially and canonically erected the Confraternity of Our Lady of Consolation at Carey, Ohio, thereby making it a special place of pilgrimage. As far as I know there are only three such places in the western hemisphere. One at St. Anne-de-Beaupre, Quebec, at Guadalupe, Mexico and at Carey.

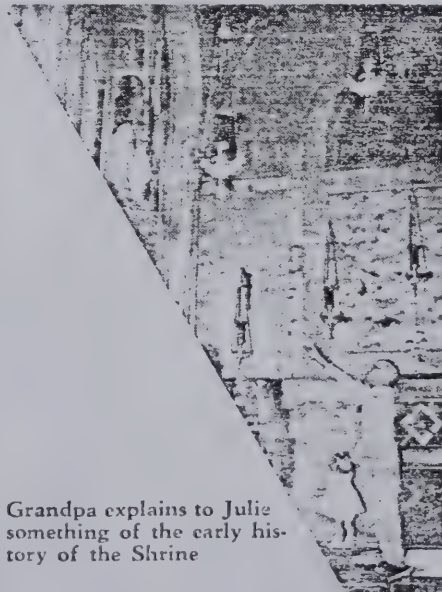

Carey parishioners celebrated the Feast of Our Lady of Consolation on the fourth Sunday after Easter, which usually fell in the month of May. The

big pilgrimage day was the following Thursday. On that day people from neighboring towns made their pilgrimage to Carey. On that day the people of Frenchtown reenacted their first procession and marched every year to Carey. They continued this practice until about the year 1900. I myself can remember seeing them march past our farm in the years—1897-1898.

Silver Anniversary—

The first church, (our present retreat chapel), was built where our present Shrine Church is today. It was closer to the corner, facing east on West Street. The church was moved to its present location about 1902, to make room for our coming new church to be built on the spot of the original Shrine.

In the year 1903, (Fr. John G. Mizer, was our pastor at that time), we celebrated the Silver Anniversary of Our Lady of Consolation Parish. The celebration was opened with a procession before the ten o'clock Mass on the fourth Sunday after Easter. That night before services, we had our first lighted candle procession. I am quite sure this was the first one in the history of the Shrine. That was the first year we had a High Mass each morning and evening services each day for the whole week. That is when we bought our first processional banner, which was used until Fr. Theo-

Grandpa explains to Julie something of the early history of the Shrine

dore's time. From that time on it seems that the devotion to Our Lady of Consolation spread and more people came every year. It was said that we could not build a new church large enough to accommodate all the pilgrims. The years have proven this to be true.

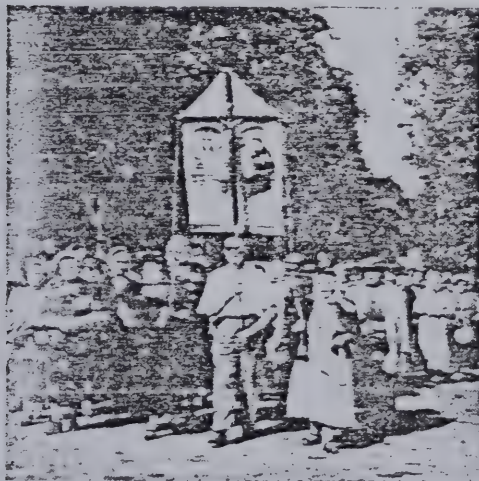

Assumption Pilgrimage—

In 1904, on the Sunday before the Feast of the Assumption of the Blessed Virgin, (August 15th), our pastor, Fr. Mizer, announced that some students from St. John's College, Toledo, who were studying for the priesthood would make a pilgrimage to Carey on August 15th. Among the group was a young man who was later to become the Bishop of the Toledo Diocese and later still, Archbishop of Cincinnati—The Most Reverend Karl J. Alter.

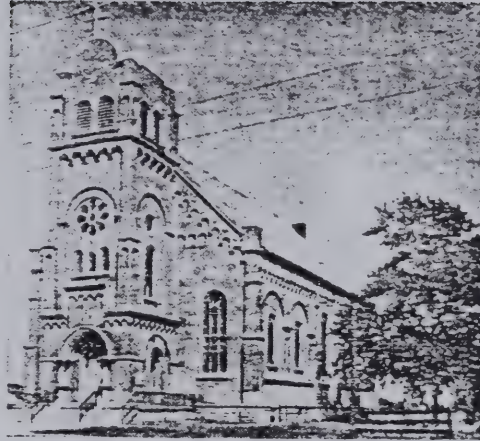

They attended the ten o'clock Mass on that day. The little church was packed to capacity. This was the beginning of the August Pilgrimage. It has spread far and wide to this date.

The Lower Shrine Church—

In 1907, the ground was broken for the basement of the new church. Fr. Mizer asked the men of the parish to donate their time to do the excavating. Looking at the basement, you can imagine the enormous task to shovel all that ground by hand into wagons and haul it away. It took all summer, but it was all done that way. The basement was finished and dedicated on May 9,

Cures At The Shrine—

If one takes a look at the canes, crutches and braces left here at the Shrine, we can see silent evidence of the prayers answered through the intercession of Our Lady of Consolation.

Has anyone ever actually witnessed an instant cure? On one occasion when my youngest sister was attending school in the small room back of the chapel, there was a woman using crutches and staying in a private home near the church. She would attend Mass every morning then go get her breakfast, then return to the Church and stay there all morning. After being here almost a week, one noon when the school door was opened and naturally the children were watching her, all of a sudden she gave a yell as if in agonizing pain. Her crutches dropped to the ground and she said she was cured. She walked freely around the church. The children and teacher followed her and prayed in thanksgiving for what had happened.

I could write much more on this subject. However, much of the more recent history is either already recorded elsewhere or has happened in the memory of many reporters more qualified than myself. I have written these things which I have witnessed and heard, that they may not be lost to posterity and for the greater honor and glory of Our Lady of Consolation.

Dear Folks:

I bet you think I'm pretty negligent for not writing sooner. But this has been a hard winter for me. I don't drive in fact I haven't driven since Xmas. The boys take me where I want to go. Sunday Sam is coming after me and I'll stay a few days, then they'll bring me home. I do walk to church most every day but it is hard for me. I fell on the ice on my way to church a year ago and I am scared to breath on the ice and that's all we got around here. I broke my wrist and still feel it. Well as near as I can find out Theodore had no middle name any how not on his baptismal record. According to the records his father's name was Francis but Ed always said his name was Frank. His mother's name was Victoria Gillison and he was baptized Aug. 20, 1859. Sponsors were

Gean Jague Lapsontain
and Margaret Sam. (1. ANT)

now Mary Louise Lapsontain
born Aug 19, 1856
was baptized Aug. 24, 1856
in Fredaktown records
but we could not make out the sponsors names and that goes for the rest of the names. Which if it is written in latin. So if you had lots of time it might be possible to make them out. It also is very dim due to the length of time as you might guess.

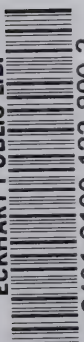

Father Edward Collet made a family tree for the Collets so you might write to him for the Collet information you need. his address

P.S. Father Klump is not here any more. I do not know Ed's bap. date but his birth certificate is Oct 3, 1906 but I'd bet his bap. record is Dec 20
